

ODP 108-77
21 January 1977

MEMORANDUM FOR: Deputy Director for Administration
FROM : Clifford D. May, Jr.
Director of Data Processing
SUBJECT : ODP Report for Week Ending 21 January 1977

Unfunded Requirement for FY 1977

ODP Provided the DDA with a list of unfunded requirements for FY 1977 to be considered for discussion at the January Comptroller's meeting. These items are additional resources for staff personnel for CAMS and PERSIGN systems, and funds for terminal purchase which had been previously reprogrammed for CAMS system software support.

PERSIGN

Work continues on the project proposal and we are trying to assess the impact of the prohibition on the use of contractors on the project schedule.

CAMS

The CAMS system became operational on a 24-hour basis beginning 12 January. Both the Special Center and the Data Access Center began rendering support on a 24-hour basis as of this date. The major operating system supported by CAMS was declared to be in an operational status on 20 January.

Support to the Office of Finance

FRS - Financial Resource System. As reported last week, we identified three problems with processing accounting data from GAS to FRS. We resolved them in time to produce December Trend Reports by 21 January.

ISSG Conference

The D/ODP participated in the OS/ISSG conference on computer security. Mr. May summarized the ADP presentation he made to the EAG and outlined some of his concerns on computer security.

Training

STATINTL

A three-day course, Basic VM, was completed by 20 students.
